

DR. ALESSANDRO CUCCHI

Dr. Alessandro Cucchi earned his degree in Dentistry and Dental Surgery with honors at the University of Verona in 2009 and completed his post-graduate degree in Oral Surgery at the University of Milan in 2012. In 2016, he received his PhD in Surgical Sciences - Reconstructive Problems in Maxillofacial Surgery at the University of Bologna. Subsequently, he completed a continuing education course in Periodontal Plastic and Regenerative Surgical Techniques at the University of Milan. In 2020, he completed the master degree in Zygomatic Implantology at the University of Pisa. He has published several scientific papers in the most prominent international journals, such as COIR, CIDRR, IJOMI, IJOI, and IJPRD, in regard to implant surgery and related research. Moreover, he is a renowned speaker at several training courses and scientific meetings which focus on alveolar ridge augmentation. Currently, he is carrying out researches on innovative and digital CAD/CAM technologies in Guided Bone Regeneration (GBR). He is founder of the international school "GBR Academy". Lastly, he is active member of Digital Dentistry Society (DDS) and Italian Academy of Osseointegration (IAO).

INTERNATIONAL AWARDS

2022 - Ralph V. McKinney Award at the meeting of International Congress of Oral Implantologists (ICOI).

2024 – Best Clinical Video Award at the annual meeting of European Association of Osseointegration (EAO)

2025 – EAO Award for clinical innovations at the annual meeting of European Association of Osseointegration (EAO).

2025 – Osseointegration Award for clinical research at the international congress of Italian Academy of Osseointegration (IAO).

2025 – Osteology Young Video Award at the annual meeting of Osteology Symposium Italy (NOGI).

EDUCATION

26 Oct. 2009 – University of Verona
Degree in Dentistry and Dental Surgery (DDS)

07 Nov. 2012 – University of Milan
Post-graduate degree in Oral Surgery (Clin Msc)

01 Jul. 2016 – University of Bologna
Doctorate degree in Surgical Sciences (PhD)

17 Sept. 2016 – University of Milan
Post-doctorate course in Periodontal Plastic and Regenerative Surgery

13 Dec. 2020 – University of Pisa
Master in Zygomatic Implantology

1 Apr 2024 – Università Federico II di Napoli
Master in Multi-disciplinary approach for management of anxiety, pain, and emergence

MAIN TOPICS OF LECTURING

"Guided Bone Regeneration: from analog to digital approaches"

"Customized titanium meshes for bone augmentation"

"Digitalization in implant surgery: from single to extensive defects"

"Computer-assisted surgery and digital innovations"

"Management of soft tissue: muco-gingival versus peri-implant surgery"

"Advanced treatment of severely resorbed edentulous jaws"
